

APPLICATIO has been commissioned by Deutsche Gesellschaft für Internationale Zusammenarbeit (GIZ) to conduct webinars and e-Workshops as well as to support the conceptual design of the support of online communities and to provide conceptual advice on virtual collaboration within the global project "Africa Cloud".

On behalf of the German Federal Ministry for Economic Cooperation and Development (BMZ), GIZ is implementing the programme "Africa Cloud - innovative e-learning offers for African development leaps" with the aim of ensuring that innovative digital knowledge and learning offers reach people from different educational backgrounds in selected partner countries in Africa more effectively and on a broad scale. It focuses on the open dissemination of high-quality methods and offerings of digital learning and the use of innovative technologies - also for the data-supported and evidence-based expansion of these offerings.

APPLICATIO's assignment includes:

- Online-Moderation of Webinars
- Moderation of professional and learning work environments
- Consulting and conceptual work on virtual collaboration
- Moderation of online workshops
