

APPLICATIO has been commissioned by the Deutsche Gesellschaft für Internationale Zusammenarbeit GmbH (GIZ) to plan a webinar series on the topic "EU Co-Financing" for GIZ teams in cooperation with GIZ's own Academy for International Cooperation (AIZ) and the GIZ Sectoral Department and to moderate the implementation online twice (Graphics: (c) GIZ)

The aim of the training is to provide participants with an overview of EU programming and related processes and to increase the participants' procedural certainty when preparing for EU co-financing. A major part of the training will be devoted to the use of practical examples to practice the implementation of individual procedural steps, especially the aspect of combining the objectives of the EU and the BMZ.
